

# Wings to fly

K: Miriam ELEA & Peter Lacho, M: Ray Watts, T: Peter & Gaby Wessely, V: wattsmusic

It is the way you touch my soul.  
The way you catch me, when I fall.

It is the way you care for me.  
The way you give me energy.

It is the way you make my day.  
The way you chase the clouds away.

It is the way you give me hope.  
The way you're always here for me.  
You lift me high and higher, to reach the top.

**You give me wings to fly.  
You let me reach the sky.  
I feel so strong and so secure  
'cause you are by my side.**

**You give me wings to fly.  
You make my tears go by.  
You are the shining light for me  
a new horizon, I'm about to see.  
The new horizon, I'm about to see.**

It is the way you make my day.  
The way you chase the clouds away.  
It is the way you give me hope.  
The way you're always here for me.  
You lift me high and higher, to reach the top.

**You give me wings to fly.  
You let me reach the sky....**

It is the way you give me hope.  
The way you're always here for me.  
You lift me high and higher

**You give me wings to fly.  
You let me reach the sky....  
You give me wings, so I can fly, to you.**
